

CP185™

Commercial Portable Two-Way Radio

Easy-to-handle, lightweight, compact design.

Built-in simple voice scrambling for **increased privacy**.

VOX ready for **hands-free communication**—users can focus on the job at hand.

5 programmable buttons—enabling easy, **one-touch access to up to 10 user-selected features**.

Multi-channel capability—16 channels to support communication amongst all your employees.

Lilon battery provides **up to 11 hours (5/5/90 duty cycle) of battery life at high power** to meet the demands of your employee's work shift. A high-capacity battery option is available for those with longer shift requirements or increased communication needs.

Rapid-rate drop-in charging—charge radios in less than 3 hours with the included drop-in charger.

High power—5 watt (VHF) / 4 watt (UHF)—adjustable power levels help extend battery life.

Repeater capability when **increased coverage** is required.

Talkaround capability enabling communication even when a repeater is not being used.

Tighter specifications: -70 dB adjacent channel selectivity provides **enhanced rejection of interference** from strong signals on adjacent channels so you can get your message through clearly.

The CP185 portables offer a wide range of Motorola Original® audio, energy and carrying accessories as well as Mag One™ audio accessories, which provide **an affordable option** for light duty radio users.

Enhanced functionality, reliable communication

Easy, discreet and prompt communication with your workforce is vital to improving response time, strengthening employee efficiency and increasing customer satisfaction. Motorola's two-way radios provide a durable, high-quality voice communication solution that helps your business increase productivity and provide excellent customer service.

Ideal for educational institutions, retail and hospitality businesses, service and manufacturing industries and other demanding applications, the Motorola CP185 brings you a robust two-way radio solution. With its extensive feature set, ergonomic shape for comfortable use plus voice privacy in a durable, lightweight, compact design, you can enhance communication while increasing efficiency and productivity.
